Research Goal

While operating an upcycling business, developing expertise for environment and technology was necessary. Environmental problems are becoming more serious because of the inconsistency between the ideal production and the ideal disposal. Sustainable technology development and policy direction are expected to present.

Education

BS, Mechanical Engineering 2022
Hanyang Univ. ERICA, Republic of Korea
- Total GPA 4.21/4.5

MS, Technology Management Economics & Policy 2026
Seoul National University, Republic of Korea
- Total GPA 4.03/4.3

PhD course, Technology Management Economics & Policy present
Seoul National University, Republic of Korea

Stack

Data Science

- R
- fsQCA

Design

- Photoshop
- Illustrator
- Adobe

Office

- Power Point
- Excel

Engineering

- CAITA
- 3D Printer
- ANSYS

Experience

CEO of PUJI Inc.

Oct, 2022 – present

- Started in Oct, 2020 PUJI to solve the garbage problem. Continuing commercial and non-profit activities after business registration in Oct, 2022.
- Solving the waste problem through upcycling. Gathering upcycling resource, sending resource to upcycling enterprise and making upcycling product.
- Established a strategic partnership with the Siheung Senior Club to develop upcycled products, successfully creating sustainable employment opportunities for elderly citizens.

Teaching Experience

2025-1, 2026-1

- Introduction to Smart City Global Convergence
- Facilitated collaborative Smart City development projects, bridging international students and government officials to foster practical policy insights and cross-sector cooperation.
- Designed and implemented interactive Metaverse platforms for online education to optimize virtual learning engagement and digital pedagogical environments.
- Orchestrated guest lecture series by recruiting external experts and industry leaders to enhance the academic curriculum with real-world perspectives.

Paper

Master Thesis

- The Impact of Resource Productivity on the Circular Fraction

2026

Working Paper

- Resolving the Double Dilution of Youth Climate Agency: A Governance Framework Present
- The Circular Nexus: Unveiling the Heterogeneous and Configurational Path to Circular Economy in Europe Present

Awards

Name of Awards			Institution	Prize	Date
Best Poster Presentation Award			Korea Society of Innovation	Best Poster	May, 2025
Making Startup ESG Business			Gyeonggi & GBSA	Grand Prize	Sep, 2023
Starbucks Startup Challenge			Creative Economy Innovation Center	Idea Award	Dec, 2022
Academic Excellence			Hanyang Univ.	Excellence Award	Aug, 2022
HEEE Award			Hanyang Univ.	HEEE	Aug, 2022
SID Audition			Hanyang Univ.	Grand Prize	Jun, 2022
Metaverse Challenge			Hanyang Univ.	Encouragement Award	Apr, 2022
SW Idea Marathon			Hanyang Univ.	Excellence Award	Apr, 2022
Knowledge Dorm			Hanyang Univ.	Encouragement Award	Jan, 2022
SID Audition			Hanyang Univ.	8 th Place	Jun, 2021
Campus Patent Universiade			LG Display	Excellence Award	Nov, 2020
Campus Patent Universiade			LG Display	Encouragement Award	Nov, 2020
Campus Patent Universiade			UNICK	Encouragement Award	Nov, 2020
IC PBL and competency development			Hanyang Univ.	Bronze Award	Dec, 2019
College of Engineering Academic Conference			Hanyang Univ.	Grand Prize	Oct, 2019
Formula SAE Japan			JAMA	JAMA Chairman	Sep, 2019
Formula SAE Japan			FSAEJ	Rookie Awards	Sep, 2019
KSAE Formula			KSAE	Encouragement Award	Aug, 2019
Hanyang Peer Tutoring			Hanyang Univ.	Encouragement Award	Dec, 2018
Fall Mechanical Engineering Conference			Hanyang Univ.	Grand Prize	Nov, 2018
Fall Mechanical Engineering Conference			Hanyang Univ.	Excellence Award	Nov, 2018
KSAE Formula			KSAE	Encouragement Award	Aug, 2018
Fall Mechanical Engineering Conference			Hanyang Univ.	Excellence Award	Nov, 2017
Fall Mechanical Engineering Conference			Hanyang Univ.	Excellence Award	Nov, 2017

Academic Scholarship

Name of Scholarship	Scholarships (Thousand Won)	Semester
BK21 for Outstanding Research Talent Fellowship	15,000	2026
BK21	12,000	2024 – 2025
Academic Excellence	1,200	2025
Teaching and Research Support	5,000	2025
NH Foundation	21,520	2017 – 2020
College of Engineering BSC Incentive	900	2019
Academic Excellence	463	2017
National Scholarship	11,380	2017 – 2020
Hope Foundation for Rural Community	4,000	2017 – 2019
Mechanical Engineering Academic Excellence	6,000	2019
Etc.	2,279	-
Total	79,742	

External Funding

Name of Funding	Institution	Amount (Thousand Won)	Period
AS Youth Community	Ansan City	1,000	2023
LH Social Venture	LH Housing Welfare Foundation	10,000	2022 – 2023
Entrepreneurial University	Ministry of SMEs and Startups	42,000	2022 – 2023
Innopolis Campus Stepup	Innopolis Campus	5,000	2022
Energy Band	Ansan City	1,000	2022
Supporting Social Enterprise	KoSEA	7,000	2022
Innovative Startup School	Ministry of SMEs and Startups	5,000	2022
Total		71,000
